

# ROOM PLANNING GUIDE

## For Space-Saving Beds

### A note from our family to yours

This guide was created with care to help you make the most of your home—not just by saving space, but by creating a place where life can unfold more freely. At Hiddenbed of Oregon, we believe that thoughtful design can bring order, beauty, and peace into everyday living. It's our privilege to help you create a space that truly works for you. This guide will help you plan your space with confidence—so you can choose the right space-saving bed for your needs, layout, and lifestyle.

### 1: DEFINE YOUR GOAL

How do you want this room to function? (Prioritize numerically)

- |  |  |  |
|--|--|--|
| <input type="checkbox"/> Guest room      | <input type="checkbox"/> Home office         | <input type="checkbox"/> Bedroom       |
| <input type="checkbox"/> Crafts room     | <input type="checkbox"/> Entertainment space | <input type="checkbox"/> Exercise room |
| <input type="checkbox"/> Rental / Airbnb | <input type="checkbox"/> Other: _____        |  |

*Tip: The most successful designs start with one clear primary purpose.*

### 2: HOW OFTEN DO YOU ANTICIPATE THIS BED WILL BE USED?

- Daily     Just occasionally     Other. Please elaborate \_\_\_\_\_
- 

### 3: MEASURE YOUR SPACE

Room width: \_\_\_\_\_ Room length: \_\_\_\_\_ Ceiling height: \_\_\_\_\_

### 4: MAP YOUR ROOM (Use a separate sheet of paper)

Draw a simple layout showing: walls, doors (and swing direction), windows, closets, outlets, vents, length of each wall, and desired bed location. (Allow adequate clearance for doors and closets).

**5: WHICH BED SIZE DO YOU WANT?**

- Queen       Double       Twin       Twin XL       King

**5: WHAT BED ORIENTATION WOULD WORK BEST?**

**Vertical** (most common): Sleeps perpendicular to the wall. Best for standard ceiling heights.

**Horizontal**: Sleeps parallel with the wall. Great for lower ceilings or wider walls.

**6: WHICH SPACE-SAVING BED TYPE WOULD BEST FIT YOUR NEED?**

**Murphy Bed**: (Wall Bed): Best for everyday use and maximum space efficiency. Transitions in seconds.

**Cabinet Bed**: Best for guest rooms and flexibility. Freestanding (no wall installation).

**Desk Bed (Hiddenbed)**: Best for home offices. Transforms without removing desk items.

**Table Bed**: Best for multi-purpose living. Functions as a dining or craft table.

**7: WOULD YOU LIKE TO HAVE SIDE CABINETS WITH YOUR BED?**

Yes       No      If yes, how many? \_\_\_\_\_

Please indicate the features that most interest you. (Some of these features can be combined in one cabinet.)

Adjustable Shelves

Cabinet doors

Drawers

Pull out tray

File drawers

Wardrobe

Extending desk

Other - Specify: \_\_\_\_\_

**8: OTHER OPTIONS:**

Led Lighting

USB Port

Power Port

**9: WHAT KIND OF FINISH ARE YOU LOOKING FOR?**

*Tip: Choose a finish that complements your flooring and cabinetry.*

- Clear coat on wood:  Birch    Maple    Cherry    Oak    Walnut
- Other \_\_\_\_\_
- Stained finish      Specify stain color: \_\_\_\_\_
- Unfinished wood      Specify wood species: \_\_\_\_\_
- Paint      Specify Color: \_\_\_\_\_      Sheen: \_\_\_\_\_
